## Swim Team

Did you know that as a Ridgewood member, your children (ages 4-18) are eligible to join the Chapel Hill Country Club/Ridgewood Sharks summer swim team? The CHCCR Sharks are part of the Chapel Hill Summer Swim League, a seasonal recreational league run by volunteers. Unlike year-round swim programs, summer swim league focuses on the fun and friendships of swimming, with strong swim skills and confidence in the water a great bonus!

Why join the CHCCR Sharks summer swim team?

- Everyone gets to swim, regardless of ability. And everyone's a winner. Swimmers get recognized for improved times and are matched against other swimmers of similar abilities at meets.
- The schedule is flexible. Practices are offered twice a day during the summer, and you can come to as few or as many as fits your needs. Swim meets are a great way for swimmers to socialize with their teammates and other kids their age and to build confidence and gauge their improvement, but no one has to compete in the meets, and swimmers don't have to do events that they don't want to.
- It's a great value! For about the cost of a week of summer camp or two sessions of swim lessons, children get a summer's worth of swimming skills building, plus lots of social activities. And because we really need older swimmers, teens get deep discounts!
- Particularly for older kids who may be concentrating on other sports, swimming is the perfect cross-trainer. It's an excellent, low-impact way to improve endurance, condition heart and lungs, and strengthen muscles. (Ask their coaches!)

Registration/information events will be announced soon. In the meantime, feel free to browse our website ([chccrsharks.com](http://chccrsharks.com)) or email [swimteam@ridgewoodpool.org](mailto:swimteam@ridgewoodpool.org) for more information. Returning swimmers: Meet dates have been posted, so mark your calendars. GOOOOOOO Sharks!
